CARRER OBJECTIVE

Seeking a role as a Next.js developer to leverage expertise in HTML5, CSS3 (including Sass, Tailwind CSS), JavaScript/TypeScript, React.js, React-Query, Zod, Prisma, and MongoDB/MySQL. Dedicated to crafting responsive, efficient web solutions using Next.js and contributing to innovative projects in a dynamic environment.

SKILL HIGHLIGHTS

Frontend: HTML5, CSS3, Bootstrap5, Tailwind CSS, Material UI, JavaScript, TypeScript, React, Next.js, React-Query, Zustand, Redux-toolkit, Zod, GSAP.

Backend and Databases: Node.js, Express.js, Mongoose, Prisma, MongoDB, MySQL, Firebase.

Tools: Git/GitHub, VS Code, Docker, Chrome Dev Tools, Postman, Jest, Figma.

Others: Basic Problems Solving, Team Work and Leadership.

RELEVANT EXPERIENCE

Next.js Developer (Frontend) - Full Time

SIM Solution Ltd, Mirpur-14 (5 month - running)

- Utilize HTML5, CSS3 (including Sass, Tailwind CSS), and JavaScript/TypeScript to create responsive and user-friendly web applications.
- Leverage Next.js for server-side rendering (SSR) and/or static site generation (SSG), optimizing performance and SEO.
- Implement state management using Redux Toolkit or Zustand to manage complex application states efficiently.
- Collaborate with backend developers in Next.js applications for seamless frontend integration using React Query for API connectivity and data fetching.

Used Technologies: HTML5, CSS3, Tailwind CSS, JavaScript/TypeScript, React, Next.js, Axios, React-Query, Redux, Zustand, Zod, GSAP etc.

Frontend Developer - Contract

TFM Tools, Sylhet (1 year - 4 month)

- Create responsive, user-friendly interfaces using HTML5, CSS3 (including Sass, Tailwind CSS), and JavaScript/TypeScript.
- Collaborate with backend developers to integrate frontend components with server-side logic using frameworks like React.js/Next.js and consuming APIs with tools like Axios and React-Query.
- Optimize website performance for mobile and cross-browser compatibility, ensuring fast load times and efficient resource usage.

Used Technologies: HTML5, CSS3, Tailwind CSS, JavaScript/TypeScript, React, Next.js, Axios, React-Query etc.

EDUCATION QUALIFICATION

Diploma in Computer Engineering (2018 - 2022):

Institution: City Polytechnic Institute (CPIK) - Khulna

Obtained CGPA: **3.81** (Out of 4.00)

BSc Engineering in CSE (2023 - 2026):

Institution: Bangladesh University of Business and Technology (BUBT) - Dhaka.

Obtained CGPA: **Enrolled.**
